

24 July 2014

Mr Eddie Teo
Coordinator for Dialect Language Class

Dear Mr Teo

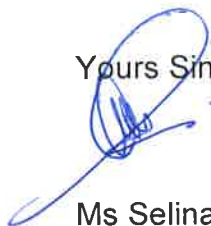

LETTER OF APPRECIATION FROM MOH HOLDINGS

On behalf of MOH Holdings, I would like to put on record our heartfelt appreciation for your efforts in coordinating the dialect language classes for our healthcare scholars. The classes are important in equipping our scholars relevant language skills to further aid them in their work in the public healthcare sector.

2. In particular, we have received very positive feedback from our healthcare scholars who have attended the classes. The classes would not have progressed smoothly, without your efforts in sourcing for a suitable venue. We also appreciate your efforts in going the extra mile to make special arrangements to accede to our scholars' request to add another dialect class, due to the positive sign-ups.

3. Once again, thank you for your strong support in preparing our scholars in their future role as healthcare professionals. We look forward to partnering you in future.

Yours Sincerely

Ms Selina Toh
Assistant Director
HR and Talent Development
